Executive Director

Dr. Michael Gaeta

Mission Statement

Oregon College of Oriental Medicine (OCOM) transforms health care by educating highly skilled and compassionate practitioners, providing exemplary patient care, and engaging in innovative research within a community of service and healing.

Corporate Wellness

Invite OCOM to your Portland-area business to speak about and demonstrate the benefits of Traditional Chinese Medicine (TCM). Presentations can include information on acupuncture, herbal formulas, teas and/or meditative movement.

Oregon College of Oriental Medicine

Transforming Health Care in Oregon for nearly 30 years

Founded in 1983, OCOM is a single-purpose professional graduate school that offers two specialized degree programs — Master of Acupuncture and Oriental Medicine and Doctor of Acupuncture and Oriental Medicine. Our mission is the transformation of health care through the application of acupuncture and Oriental medicine (AOM). Ranked the number one acupuncture school in the U.S., our 1,200 graduates practice in 37 states and around the globe. OCOM interns and graduates have performed an estimated 10 million AOM treatments.

Partnership Opportunities

SUPPORTING OUR COMMUNITY

In September 2012, OCOM relocated to Portland's historic Old Town Chinatown neighborhood. The LEED Gold certified facility is home to classrooms, faculty and staff offices, OCOM Herbal Medicinary and OCOM Clinic.

Our ground floor herbal medicinary, the largest in the Northwest, fills formulas for patients and offers herbal services for private practitioners across the country.

OCOM also supports the health of the Portland community at our other two area teaching clinics: OCOM Hollywood Clinic and OCOM Cherry Blossom Clinic.

OCOM PROVIDES:

- More than 24,000 patient visits at our clinics annually.
- Free public education at more than 120 events each year, including twice monthly lectures at the Lan Su Chinese Garden.
- Free or low-cost acupuncture supporting Portland's underserved community at Outside In, Central City Concern's Old Town Clinic, and Hooper Detox Center, among others.

LEADING THE WAY

OCOM is recognized as a national leader in Traditional Chinese Medicine education.

- In September, OCOM received the 2012 Spirit of Portland Award in honor of our participation, service and enrichment in Portland's community and neighborhood.
- OCOM was recently named the number one school in the U.S. by thebestschools.org for anyone seeking a degree in acupuncture and Oriental medicine.
- OCOM was the first AOM college in the U.S. to offer an approved doctoral degree.
- OCOM was the first AOM college in the U.S. to receive a federally funded research grant from the National Institutes of Health.

GIVING OPPORTUNITIES

OCOM partners with Oregon companies to provide low-cost health care to area residents and scholarship opportunities for tomorrow's health care leaders.

There a number of ways to support our work:

- Supporting treatments for low-income individuals in OCOM Clinics.
- Endowing scholarships for our master's and doctoral programs.
- Naming opportunities for the new campus in Old Town Chinatown.
- Gifts to OCOM's Annual Fund in support of the college's mission.

The transformed Globe Hotel/Import Plaza now serves as OCOM's new campus in Portland's historic Old Town Chinatown.
