The Honorable Crisanta Duran
Chair, Joint Budget Committee
Colorado General Assembly
200 E. 14th Avenue, Third Floor
Legislative Services Building
Denver, CO 80203

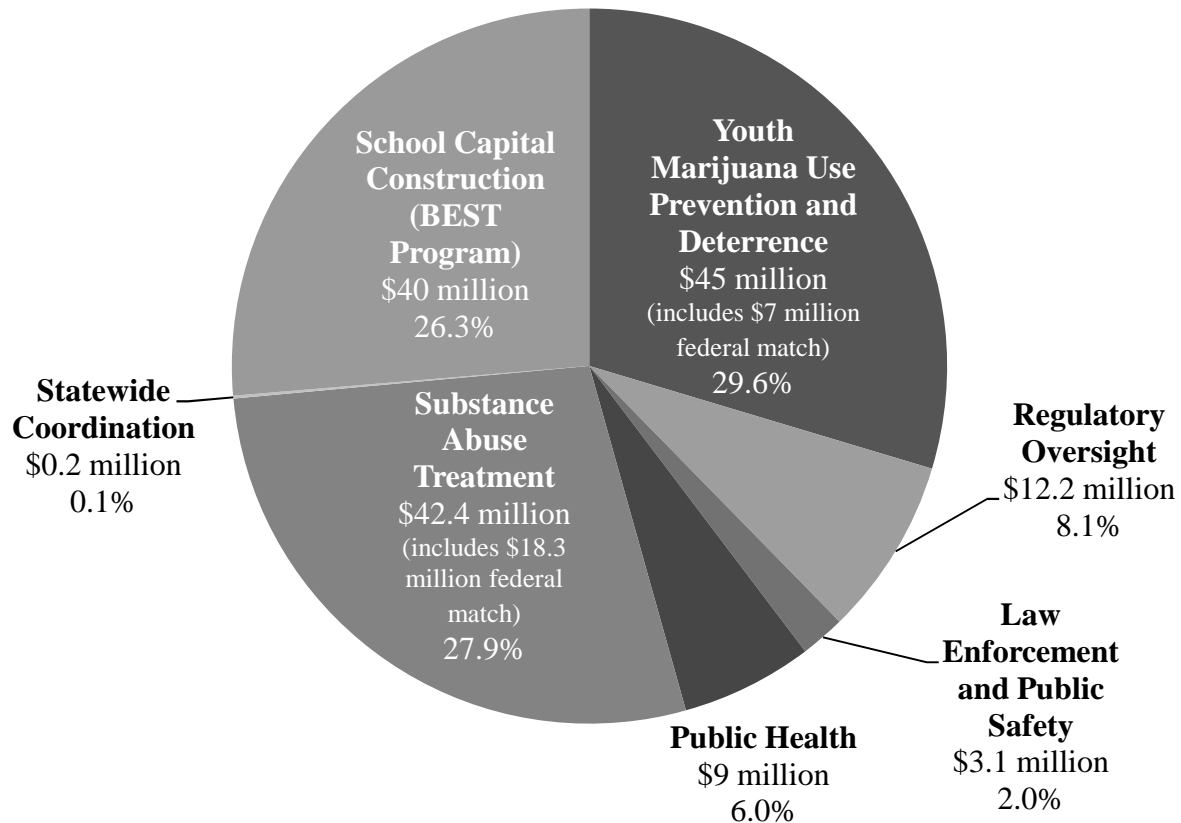

We are pleased to submit our request for allocation of new state resources available from passage of Proposition AA and the sales taxes from medical marijuana. Our administration is committed to the responsible regulation of adult-use marijuana and the effective allocation of resources to protect public safety and health and to prevent underage use. Indeed, we view our top priority as creating an environment where negative impacts on children from marijuana legalization are avoided completely. Underage use of marijuana can have long-lasting effects on individuals and communities.

To achieve these goals and to implement the priorities established by the voters we are requesting \$4.5 million total funds and 3.2 FTE for FY 2013-14 and \$99.0 million total funds and 23.3 FTE for FY 2014-15. The focus of the request is on these essential areas (totals are for both fiscal years, all fund sources):

- Youth marijuana use prevention (\$45.5 million);
- Substance abuse treatment (\$40.4 million);
- Public health (\$12.4 million);
- Regulatory oversight (\$1.8 million);
- Law enforcement and public safety (\$3.2 million); and
- Statewide coordination (\$0.2 million).

The requests contained herein reflect monies in addition to \$29.0 million already allocated for enforcement and public safety in the 2013 legislative session for FY 2013-14 and FY 2014-15. Moreover, these requests are for distributions of the sales tax generated by the retail sale of adult-use and medical marijuana and the excess excise tax revenue above \$40 million. The first \$40 million of excise taxes approved under Proposition AA are earmarked for the Building Excellent Schools Today program.

The chart below shows the distribution in FY 2014-15 of the existing enforcement monies as well as the requested allocation of all marijuana-related sales and excise taxes and expected matching funds.

To the extent possible, our implementation plan focuses on utilizing existing programs and systems in order to minimize duplication, start-up costs, and delays. We also see a clear need to coordinate a unified response across all State government marijuana regulatory and oversight efforts. With voter intent paramount, we have kept two principles in mind as we evaluated ideas for these new resources: 1) programming should have a direct or indirect relationship to marijuana use and 2) we should not create any situations where State or local government has an incentive to promote marijuana use.

Given the many uncertainties surrounding Marijuana Cash Fund projections and the potential need for additional funding for the Department of Revenue's marijuana-related enforcement activities, this package represents a strong yet cautious first step toward ensuring a safe and responsible regulatory environment. Out of \$184 million that current projections show for all marijuana-related revenue over the 18-month period that ends on June 30, 2015, we currently project an ending reserve in the Marijuana Cash Fund of \$11.9 million. As more information

about tax revenue and program needs become available, we anticipate that supplemental requests for FY 2014-15 could be needed. Thus for the time-being we believe that it is prudent to leave excess funds above the 16.5 percent reserve. Meanwhile, a longer-range program vision will be requested with the November 1, 2014 budget request for FY 2015-16.

The requests requires statutory changes to Section 12-43.3-501 C.R.S. to add authorizing language to the Marijuana Cash Fund for use on the education, substance abuse treatment, statewide coordination and prevention portions of this request. In addition, this section requires statutory changes to transfer \$17,960,663 from the Marijuana Cash Fund into the General Fund for FY 2014-15. This transfer would account for the Proposition AA-related state General Fund match (plus the accompanying reserve requirement) for substance abuse treatment in the Medicaid program that is matched by federal funds. This option is presented to avoid any delay in implementation that could result from federal concerns of matching money from marijuana sales in Colorado. The Governor's Office is seeking legislation to make these statutory changes.

Amendment 64 and Proposition AA Request for FY 2013-14

This special February 18th package contains requests for FY 2013-14 appropriations. These supplemental adjustments total \$4.5 million total funds (\$0 General Fund) and 3.2 FTE. This package contains the following department requests:

Governor's Office

The Governor's Office requests \$500,000 cash funds from the Marijuana Cash Fund to implement a youth marijuana education campaign. This campaign aims to educate youth on marijuana and curb marijuana use by underage youth. These funds will be used to match funding provided by the Attorney General's Office and private foundations for the campaign. Messaging development is already underway and this campaign will eventually be transitioned to the Colorado Department of Public Health and Environment for long-term administration.

Public Health and Environment

The Department of Public Health and Environment requests \$3.7 million cash funds from the Marijuana Cash Fund and 0.9 FTE to fund a three-year statewide marijuana education campaign. This request includes a statewide media campaign on marijuana use and development of a statewide website portal which will educate Coloradans on the impact of marijuana. The Department of Public Health and Environment will serve as the statewide coordinator for all marijuana related public awareness campaigns.

Department of Public Safety

The Department of Public Safety requests \$373,667 cash funds from the Marijuana Cash Fund and 2.3 FTE to collect and analyze information on illegal production, sale and distribution of

marijuana in Colorado. The Department will develop a comprehensive intelligence framework for effectively identifying future threats to public safety related to illegal drug activity and linked criminal behavior.

Amendment 64 and Proposition AA Request for FY 2014-15

Our special February 18th Amendment 64 and Proposition AA requests for FY 2014-15 contain \$99.0 million total costs (\$16.9 million General Fund) and 23.3 FTE. This package is delineated as follows by affected department and program.

Department of Education

The Department of Education requests \$11.0 million cash funds from the Marijuana Cash Fund and 2.0 FTE for the following initiatives:

- \$5.0 million cash funds from the Marijuana Cash Fund and 1.0 FTE to address mental health and substance abuse prevention in public schools. Specifically, the funding will provide grants to public schools to increase the availability of school health professionals throughout Colorado who can provide aid and educate students regarding marijuana use.
- \$6.0 million cash funds from the Marijuana Cash Fund and 1.0 FTE for additional school resource officers.

Governor's Office

The Governor's Office requests \$190,097 cash funds from the Marijuana Cash Fund and 2.0 FTE to establish a Drug Policy Office in the Governor's Office. This statewide office will be responsible for coordinating the State's regulatory, road and public safety, and public health response overseeing adult-use legal marijuana.

Department of Health Care Policy and Financing

The Department of Health Care Policy and Financing requests \$42.3 million total funds (\$16.9 million General Fund) for the following substance abuse related initiatives:

- \$29.3 million total funds (\$10.9 million General Fund/\$18.3 million federal funds) for implementation of the enhanced substance use disorder benefit under behavioral health services contracts. The Department proposes to enhance its existing substance use disorder benefit by adding intensive outpatient services, inpatient/residential treatment for Medicaid individuals who use marijuana to produce better health outcomes and lower costs over time.
- \$13.0 million total funds (\$5.9 million General Fund/\$7.0 million federal funds) to provide school based prevention and early intervention of marijuana substance use

disorder services in approximately 230 schools through the managed care organization and behavioral health organization contracts.

Department of Human Services

The Department of Human Services requests \$32.2 million total funds (Marijuana Cash Fund) and 5.1 FTE for the following substance abuse service initiatives:

- \$10.0 million cash funds from the Marijuana Cash Fund and 2.5 FTE to fund marijuana, prescription drug, and alcohol prevention for youth ages 12 through 20. This funding will provide 45 local communities with grants to implement evidence-based prevention programs for underage marijuana, alcohol, and prescription drug misuse.
- \$7.0 million cash funds from the Marijuana Cash Fund and 1.4 FTE for Intensive Residential Treatment for Substance Use Disorders. This request will serve an additional 105 residential treatment beds, increasing the capacity for treating marijuana misuse.
- \$6.0 million cash funds from the Marijuana Cash Fund for the Collaborative Management Program for prevention, intervention and treatment of marijuana use.
- \$5.0 million cash funds from the Marijuana Cash Fund for the Tony Grampsas Program, for grants that target the prevention of marijuana use.
- \$4.1 million cash funds from the Marijuana Cash Fund and 1.2 FTE for the Colorado Access to Recovery Program. This program provides community support so that people who leave substance abuse treatment programs can continue their recoveries in their communities, including avoiding the misuse of marijuana.

Department of Law

The Department of Law requests \$456,760 cash funds from the Marijuana Cash Fund and 2.0 FTE to develop in-house expertise on state and local marijuana retail regulations and provisions and to provide training for regulators and peace officers.

Department of Public Health and Environment

The Department of Public Health and Environment requests \$8.7 million cash funds from the Marijuana Cash Fund and 5.2 FTE for five health initiatives. These initiatives include:

- \$5.8 million cash funds from the Marijuana Cash Fund and 3.7 FTE to fund a three-year statewide marijuana education campaign. This request includes a statewide media campaign on marijuana use and development of a statewide website portal which will educate Coloradans on the impact of marijuana. The Department of Public Health and

Environment will serve as the statewide coordinator for all marijuana related public awareness campaigns.

- \$918,560 cash funds from the Marijuana Cash Fund to develop a registry to collect and report on data related to people suspected of driving under the influence of drugs or alcohol.
- \$903,561 cash funds from the Marijuana Cash Fund and 1.5 FTE in FY 2014-15 and beyond to fund the Healthy Kids Colorado Survey. The survey looks at relationships across multiple health behaviors such as the correlations between marijuana use and school performance. This request will expand the current Healthy Kids Colorado Survey statewide to approximately 575 schools and 220,000 students.
- \$859,000 cash funds from the Marijuana Cash Fund to monitor marijuana-related health issues through Colorado's outbreak and disease reporting system.
- \$211,080 cash funds from the Marijuana Cash Fund to develop a one-year pilot project to analyze data on the correlation between marijuana use during pregnancy and birth defects.

Department of Public Safety

The Department of Public Safety requests \$473,228 cash funds from the Marijuana Cash Fund and 7.0 FTE for public safety intelligence support to collect and analyze information on illegal production, sale and distribution of marijuana in Colorado. The Department will develop a comprehensive intelligence framework for effectively identifying future threats to public safety related to illegal drug activity and linked criminal behavior.

Department of Revenue

The Department of Revenue requests \$1,840,000 cash funds from the Marijuana Cash Fund to continue programming required for retail marijuana sales and excise taxes.

Department of Transportation

The Department of Transportation requests \$1,875,000 cash funds from the Marijuana Cash Fund in FY 2014-15 and beyond to fund the newly developed "Drive High, Get a DUI" campaign for marijuana impaired driving awareness. The campaign targets male recreational marijuana users, age 18-34, who have a higher binge risk and are likely to combine marijuana and alcohol. The campaign is supported by survey efforts and focus group message testing to evaluate and maximize the campaign's effectiveness.

Current Marijuana State Regulatory and Oversight Spending

Today's request totals \$4.5 million for FY 2013-14 and \$99.0 million for FY 2014-15. This request adds to an existing regulatory and oversight base. This current funding authorized for marijuana regulatory and oversight purposes is delineated in the following table:

Marijuana Revenue Projections

Our estimates for marijuana revenue include retail and medical marijuana tax and fee revenue. The figures below represent the remaining projects funds after accounting for direct and indirect costs to the Department of Revenue as well as appropriations made from the Marijuana Cash Fund legislation in 2013. It is important to note that these amounts are estimates based on a number of assumptions of the new industry, including consumption patterns, market price, the number of retail stores entering the market, and other economic and control variables. We anticipate that these projections will change monthly as more data is collected and actual revenue could fall short of these projections.
