Mission Statement

The Grady Health Foundation supports Grady Health System through fund-raising for educational programs, clinical research, capital renovations and equipment. As Georgia's largest non-profit hospital and the region's premier Level 1 Trauma Center, Grady is committed to delivering and improving the quality of health care services for Metro Atlanta's indigent, uninsured and critical care patients.

Goals

Encourage all citizens to participate in healthy lifestyles. Raise \$6,000,000 annually to support full-funding for Grady.

Year Founded

1993

Services

Healthcare for the state of Georgia.

Fundraising Events

The Grady Foundation hosts many community events throughout the year:

White Coat Grady Gala: "Honoring Healthcare Heroes" is a black-tie event recognizing unsung philanthropists and awe-inspiring physicians who make a difference for Grady and our community.

TRAVEL in PINK: A celebrity-studded airplane hangar party, held in collaboration with Delta Air Lines, raises awareness and funding for medical research.

Academy Awards for Nursing Excellence is an evening of elegance in recognition of the outstanding performance and practice by extraordinary nurses.

ALL GOOD Ambulance, a custom-designed vehicle serving as a rolling billboard to raise awareness about Grady and promote health and wellness throughout the community

Volunteer Opportunities

The Grady Health Foundation is honored to work with talented and energetic volunteers to assist us in all our fundraising endeavors. Whether your talent is creating an idea, planning an event, or helping to raise money, Grady is delighted to have the participation of all Georgians.

- Staff a fundraising event or connect us with new partners.
- Offer new or slightly used items to departments in the hospital. For departments' "Urgent Needs" contact Jennifer Kauffman
Jkauffman1@gmh.edu for more information on how to give.

- Providing financial gifts through our website at www.gradyhealthfoundation.org

Giving Opportunities

Grady Hospital depends on contributions from the private sector to advance the care given by our physicians and the research and services they provide. Without the generous support of donors, there would be inadequate emergency health

care in Atlanta with the advanced skills, services and equipment offered by Grady.

Grady understands that giving is a personal decision. The Foundation will supply the information you need to make an informed decision about your

gift and report how your funding is used to support our critical work in the Atlanta community.

Please visit our website www.gradyhealthfoundation.org for more giving options.
