Mission Statement

The mission of the Oregon Zoo Foundation is to foster community pride and involvement in the Oregon Zoo, and to secure financial support for the zoo's conservation, education and animal welfare programs.

Looking Ahead

OZF's role is increasingly important as the Oregon Zoo embarks on an exciting time in the zoo's history when donor support is essential to completing the zoo's 20-year master plan. The zoo's visions are grand, but it can't be done alone. Community support through OZF is essential to make the Oregon Zoo one of the best — and greenest — zoos in the world. Will you stand with us in support of wildlife?

A BETTER ZOO

Big changes are happening at the Oregon Zoo. In 2008, local voters approved a historic \$125 million bond measure for zoo improvements. Since that time the zoo has been hard at work planning and executing this new vision. In 2012, the zoo opened a state-of-the-art veterinary medical center. 2013 will mark the start of construction of a six-acre elephant habitat that will serve as a pioneering model for zoos across the country and a catalyst for new innovations in the care and welfare of elephants. And, many more changes are on the way. We're making a better zoo, thanks to you!

CORPORATE GIVING
