Every week in PBJ

CENTERPIECE

Our newsroom works months in advance to uncover and present the most important stories in Portland and we present them every week on the front cover with eye-catching graphics and data that jump to a far forward two-page spread. Every week this piece grabs our executive reader's attention and holds them. This is a great place to get in front of them!

THE LIST

The Business Journal's lists are pure, exclusive economic intelligence. The List has always been one of our most highly read pieces in the paper and now we're expanding them every issue to pull out critical data, trends, news stories and profiles from the list that will make it that much harder to put down.

DATABANK

The Data Bank is our page three gateway into the paper. Every week features an in-depth, graphic-oriented look at a key Oregon industry, with an emphasis on its importance to the state or regional economy. Location is everything and this feature's got it!

REPORTER PAGES

Our reporters spend each day collecting information so they can relay it to Business Journal subscribers. They're subject matter experts. Our readers are able to do a deep dive on the industry segments they care most about. Be there with them!

STRATEGIES

The best way to learn is by doing, and the best people to learn from are those who have done it themselves. Our Strategies pages give our executive readers a behind-the-scenes look at the marketing, HR, finance, and growth strategies that drive some of our most successful businesses. This is a great place to be in front of readers as they think about building their business.

THE PBJ INTERVIEW

Business is all about people. The PBJ Interview is our weekly last page exit from the paper profiling some of the most successful, charismatic and interesting individuals in regional business. Our readers love it. Share the love!
