

1101 GRUNDY HOTEL - REQUEST FOR MODIFICATIONS

Location: 1101 Grundy St., southwest corner 11th and Grundy intersection.

PROJECT DESCRIPTION:

New construction of a 20-story mixed-use hotel with commercial/restaurant space. Hotel to include approximately 250 guest rooms.

1101 GRUNDY HOTEL - SITE AERIAL

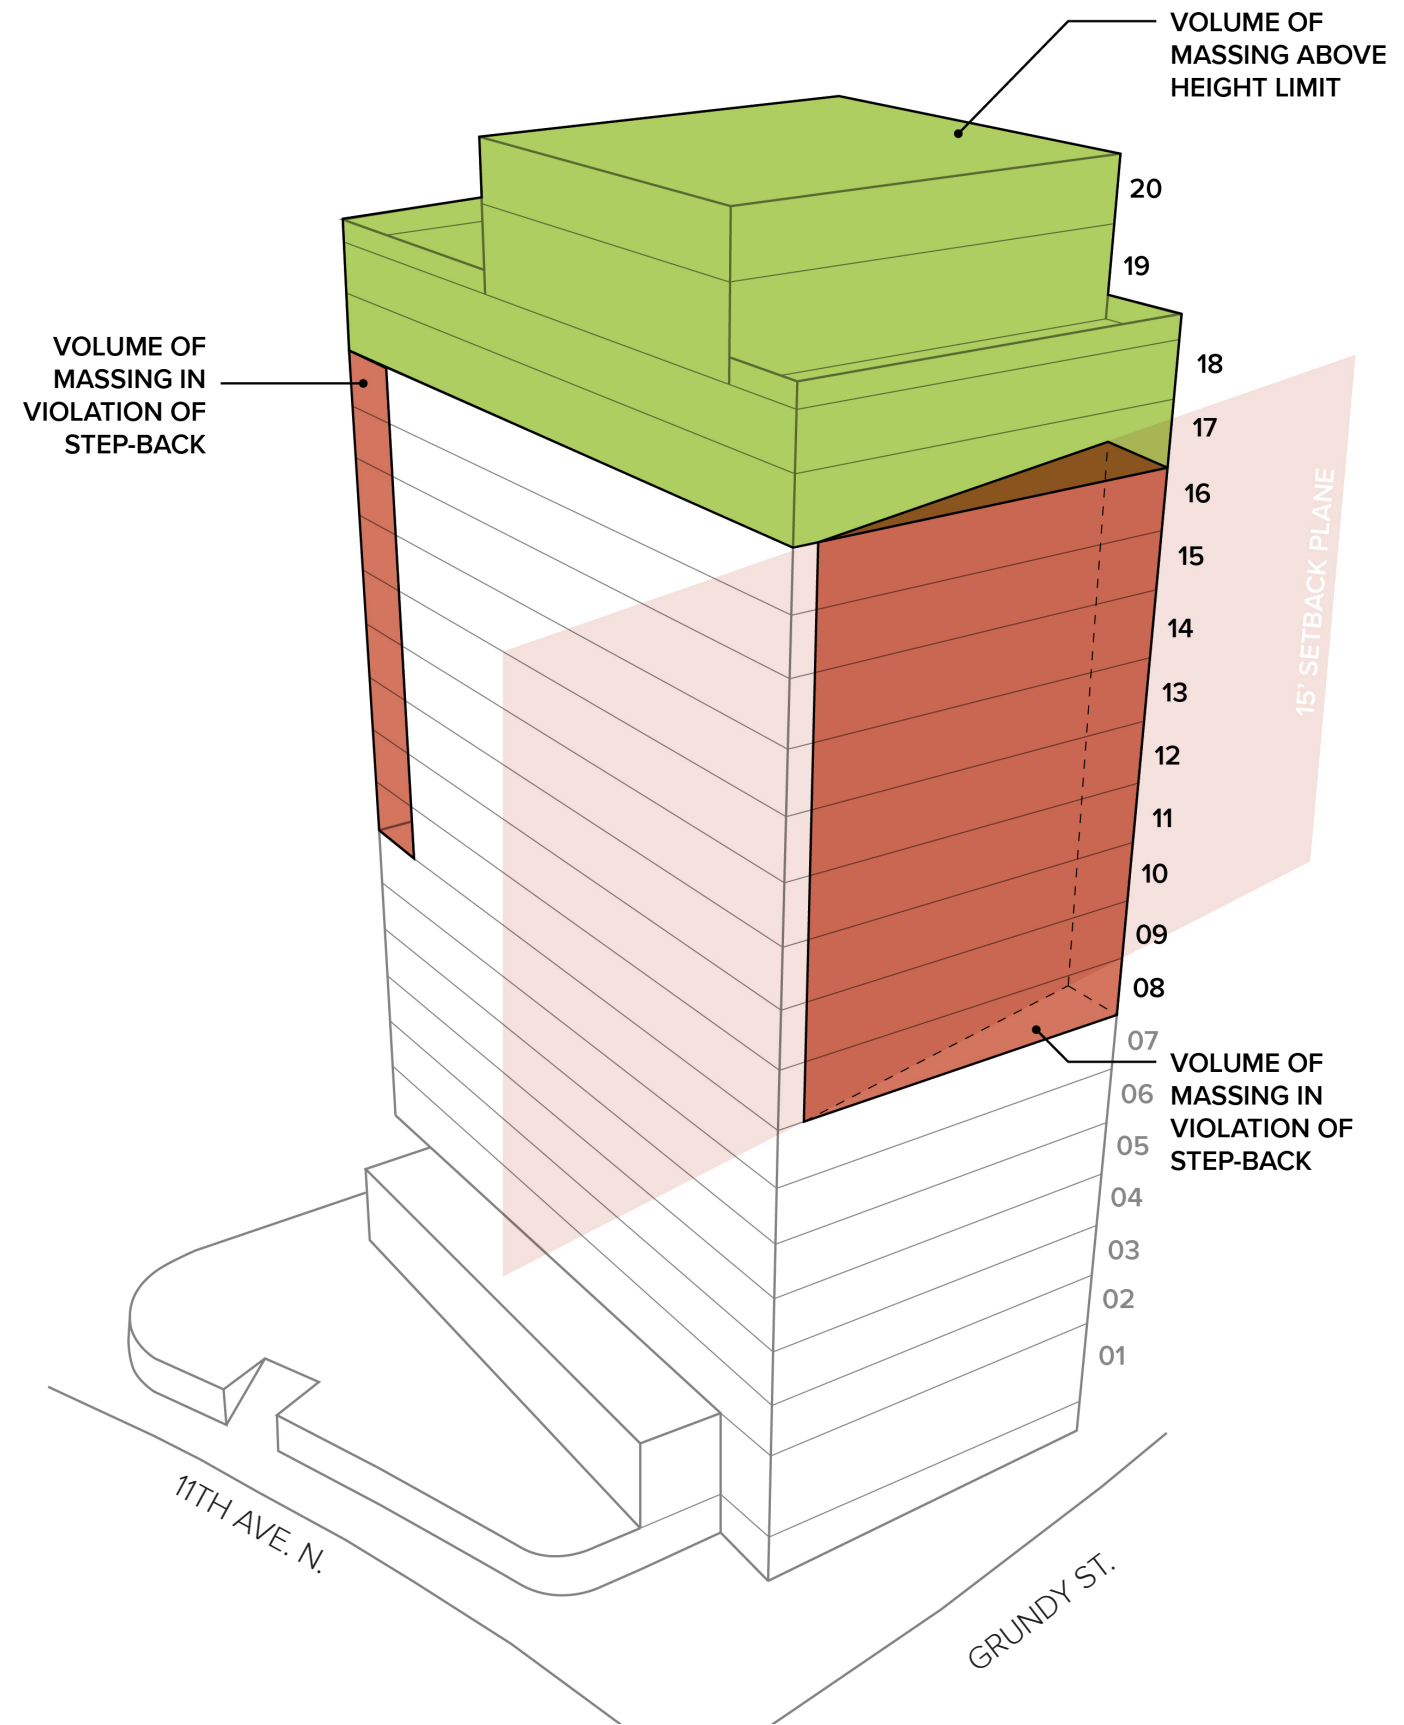

1101 GRUNDY HOTEL - REQUEST FOR MODIFICATIONS

Location: 1101 Grundy St., southwest corner 11th and Grundy intersection.

MODIFICATION REQUEST (the proposed plan does *not* comply with the following standard):

1. A request to approve a modification on the building stepback standard. The DTC requires for building 8 stories or greater, a min. 15 ft stepback is required to occur between the 4th and 8th stories. The applicant is proposing the removal of this step back along Grundy and Porter in favor of a step back along the East and West facades.
2. A request to approve a modification on the required build-to-zone for Porter Street. The DTC requires the storefront frontage must be 0-10' from build-to-zone for tertiary streets. The applicant is proposing a greater frontage (15'-0") to accommodate a guest drop off lane.
3. A request to approve a height modification to 20 stories. The DTC allows for 10 stories with an additional 6 stories through the Bonus Height Program.

1101 GRUNDY HOTEL - REQUEST FOR MODIFICATIONS

DOWNTOWN CODE: GULCH SOUTH SUBDISTRICT

Step-back required for buildings 8 stories or greater along public streets, min. 15 ft stepback is required to occur between the 4th and 8th stories

TOTAL SQFT IN VIOLATION: 41,389 SF

- Floors 8-16: 1,551 sf/flr
- Floors 17-18: 9,674 sf/flr
- Floors 19-20: 4,041 sf/flr

1101 GRUNDY HOTEL - REQUEST FOR MODIFICATIONS

TOTAL SQFT NOT CAPTURED: 77,358 SF

If this building were built to the property lines, it could yield an additional 68,782 sf. However, this design promotes light and air to neighbors with setbacks above and beyond DTC's requirements.
