Dear Georgia Department of Labor:

Earlier this year, The Coca-Cola Company announced that it would be reorganizing its workforce to support the next stage of the company's transformation into a growth-oriented, consumer-centered, total beverage company. In the virtual world created by the pandemic, we've learned that we can work differently, in a more networked manner, across geographies and teams.

Our organizational changes are designed to re-wire the operation to better focus our investments against a defined portfolio that prioritizes the brands best positioned for growth. We believe our efforts will help the company gain share and customers, maintain strong system economics, strengthen our reputation with stakeholders and position our organization for the future.

In August, we announced that these changes would result in job reductions in our corporate workforce beginning in early 2021, with the majority of these reductions occurring at our corporate headquarters. This includes employees located at One Coca-Cola Plaza, Northwest in Atlanta, Georgia. The facility will not be closing.

Consistent with these plans, employment separations and indefinite layoffs will begin on or about March 31, 2021 or during the 14-day period that begins on that date. We anticipate that these plans, when finalized, will be permanent.

Open roles began posting in mid-December, with additional roles posting in early January. We are encouraging all employees, including those identified in this notification, to think about their career path with the company and consider applying for new roles in the organization.

A list of job titles and the number of employees currently holding affected positions accompanies this letter as Attachment A. Bumping rights are not available for affected employees. There are no union(s) representing the affected workers.

This announcement and timetable are based on the best information currently available. Various factors may still affect these plans and the timing of employee separations. You will be informed of any changes as additional information becomes available. To the extent these plans constitute a covered event under the Worker Adjustment and Retraining Notification Act (WARN), or any comparable state or local laws, this letter is intended to fulfill any requirements imposed

thereunder. The company, however, by providing this notice does not admit that WARN applies or that this notice is legally required.

As has long been our culture at Coca-Cola, we do not take decisions about job impacts lightly and will treat our people with dignity, fairness and respect throughout this process. In addition, we will be providing employees with transition support and assistance. We are committed to doing all of this quickly as we move to build an organization that is agile and positioned for faster growth.

If you have any questions or desire additional information, please contact Gene Rackley, Group Director, State & Government Relations at: (404) 676-3369.

Respectfully,

A handwritten signature in dark ink, appearing to read "Lisa V. Chang", is positioned above the printed name.

Lisa V. Chang  
Senior Vice President & Chief People Officer  
The Coca-Cola Company

Encl.: Attachment A

## **ATTACHMENT A**

As explained in the accompanying letter, The Coca-Cola Company anticipates that the job titles and the number of employees listed below will be affected by a workforce reduction at the facility located at One Coca-Cola Plaza, Northwest in Atlanta, Georgia.
